

RECITAL: MAY 16, 2025

Follow along with this program to learn a brief explanation of the musical concepts demonstrated by each song!

First year students are: Keira Ellis, Pierce Esplin, Jay Krejca, Alden Hanes, Tyler Jensen, Brooks Porter, Teddy Race, Desmond Woolley

Bugs..... We use bugs to help us learn rhythm chunks and how to keep the beat in a fun way.

El Gallo..... **Desmond Woolley: Autoharp** The autoharp helps us hear chords, and practice keeping the beat.

Bingo..... We love fun songs! This classic teaches us how to ear unsung music, keep the beat and common melodic patterns

Fox Hunt..... Our puppet shows teach us classical music appreciation and song form.

Second year students are: Alta Amundsen, Gwen Gates, Jaylee Sohm, Porter Sohm

Caterpillar Song.....**Gwen Gates: piano** This was our first hands together song in contrary motion.

Hickory Dickory Dock.**Jaylee Sohm: piano** This was our first hands together song in parallel motion.

How to Skip..... **Porter Sohm: piano** This song teaches us how to skip on piano and play in moving hand positions

This Old Man..... **Alta Amundsen: piano** We use this fun song to hear the correct harmony with a melody (we also wrote it in ourselves!)

Allen Piano Studio

As our third year students finish up their Let's Play Music journey, each child has the opportunity to write their own song. This semester-long project gives students a chance to take all the concepts we have been learning and apply them to their own creation. Can you see each musician's individual creativity in the subject matter and the music they've composed?

David Ellis..... Going Skiing
Fiona Singleton..... Washing Dishes
Izzy Whiteley..... Maddox's First Day of School
