Leveling Up Our Group Lessons

Over the summer, I tested a new ensemble group piano format — and it was a hit! Starting this year, here's how group lessons will look:

** Older/Intermediate Students **

Upgraded group lessons focused on ensemble playing

Opportunities to make music with peers

Work on more challenging music in a fresh, exciting way

** Younger/Beginner Students **

Continue with our fun, game-based group lessons

Build skills through interactive activities and musical games

Ensuring each student gets the right mix of fun, challenge, & connection!

Each fall, I give students a shiny new spiral-bound notebook for the whole year. All those loose pages? They get secured safely inside — no more “oops, I lost my music!” moments.
